888LM

MyQ® CONTROL PANEL

Enable Smartphone Control - For LiftMaster® Security+® Garage Door Openers

Imagine being at the office receiving an alert if you left your garage or gate open. Or being able to turn on your lights before you get home. The LiftMaster 888LM MyQ Control Panel does this by letting you monitor, open and close your garage door from anywhere and control home lighting…all from your smartphone, tablet or computer...when paired with the LiftMaster 828LM Internet Gateway.

Connectivity
- **MyQ Technology** enables you to securely monitor and control your garage door opener and home lighting with your smartphone, tablet or computer.
- **Alerts** can be received as email or pop-up (push) notifications on your mobile device so that you always know the status of your garage door and home lighting.
- **MyQ mobile app** is a free download requiring no annual activation fee.

Performance
- **Allows you to control your garage door opener** and home lighting using your smartphone or computer (when paired with the LiftMaster 828LM Internet Gateway).
- **Turns opener lights on/off** from inside the garage.
- **Easily program remote controls** and MyQ Accessories directly from the control panel.

Security
- **Timer-to-Close** feature allows the door to automatically close after a pre-programmed number of minutes.
- **Motion detector** automatically turns on garage door opener lights when movement is sensed.
- **Adjustable light timer** lets you set when you want the opener lights to go out after closing or opening the garage door.
- **Alert-2-Close** warning system provides audible and visual warnings when the garage door is about to close when using MyQ Technology or Timer-to Close.

Compatibility
- **For LiftMaster Security+** Garage Door Openers manufactured after 1998. Look for a purple "Learn" button and antenna wire or orange/red "Learn" button with a gray antenna wire.

LiftMaster 888LM MyQ Control Panel paired with LiftMaster 828LM Internet Gateway

Security+ Garage Door Opener

Your Garage or Gate

Optional Accessories:

LiftMaster Internet Gateway (828LM)

Connect your MyQ-Enabled Garage Door Opener and accessories to the Internet with this device.

Garage and Gate Monitor (829LM)

Enables you to monitor and close up to four garage doors or gates from any room in your house. *Does not require the LiftMaster Internet Gateway.*
Remote Light Control (825LM)

Allows you to control any lamp with your garage door opener remote control or smartphone via the LiftMaster Internet Gateway.

Remote Light Switch (823LM)

Replaces your existing wall switch to allow you to control home lighting with your garage door opener remote control or smartphone via the LiftMaster Internet Gateway.

FREE MyQ Mobile App! Download the app and easily register your account from the MyQ app or at MyLiftMaster.com
